That will work. I will reply with all the backgrounds for one establishment in one email as well. Here are the Farm Golf Course completed backgrounds.

After reviewing Michael E Jeffers' WORCS, DOT, RMS, and WI Circuit Court Access records, I have not located any issues which would prevent Jeffers from renewing his Operators License and I recommend Jeffers for renewal of his Village of Cottage Grove Operators License Application.

NOTICE TO EMPLOYERS

It may be a violation of state law to discriminate against a job applicant because of an arrest or conviction record. Generally speaking, an employer may refuse to hire an applicant on the basis of a conviction record only if the circumstances of the offense for which the applicant was convicted substantially relate to the circumstances of the particular job. For more information, see [Statute 111.335](#) and the Department of Workforce Development's publication, Arrest and Conviction Records Under the Law.

Before you make a final decision adverse to an applicant based on the following arrest record, in addition to any other opportunity you offer the applicant to explain the following arrest record, please notify the applicant of:

1. His or her right to challenge the accuracy and completeness of any information contained in a arrest record, and

2. The process for submitting a challenge

The applicant should submit his or her challenge to CIB on Form DJ-LE-247. Form DJ-LE-247 is available free of charge on [The Department of Justice website](#) or by calling (608) 266-7314. A challenge may include a request for comparison of the fingerprints of the person submitting the challenge to the fingerprints on file that are associated with the Wisconsin arrest record below.

NO RECORD FOUND

An arrest record search based only on a name, date of birth, and other identifying data that is not unique to a particular person (like "sex" or "race") may result in:

1. Identification of criminal history records for multiple persons as potential matches for the identifying data submitted, or
2. Identification of an arrest history record belonging to a person whose identifying information is similar in some way to the identifying data that was submitted to be searched, but is not the same person whose identifying data was submitted for searching. The Crime Information Bureau (CIB) therefore cannot guarantee that the response below pertains to the person in whom you are interested without a fingerprint submission.

Based on the above identifying data provided for this search, no matching Wisconsin arrest records were found at this time. These search results do not preclude an individual from having an arrest record at a local law enforcement agency that was not reported to the Department of Justice or in another state, or juvenile records that are confidential by law. The results of this search are effective and current for the date of this search only. A new search should be submitted if an updated response is needed at a later time.
