

Village Board Meeting on 06 May 2019  
Memo from John Williams, Village President  
New Business Items:

7 d. Discuss and consider process for filling vacant Village Trustee position

The recent election on 02 April 2019 provided me the opportunity to serve as your next Village President. This honor requires that I vacate my current Trustee position. At the April election, six great candidates with solid experience serving our community vied for the three positions. The people of the Village cast their votes to elect the top three. The fourth candidate, with 640 votes only 54 short of being elected, was Jon Russell. Jon is a former Trustee, and has served on the Board of Review, EMS, Joint Fire and Utility Commission/Committees and also served as a citizen representative prior to his appointed service. Jon also contributes to the community through his active involvement in the local American League and Chamber of Commerce. Given Jon's outward commitment for the community and previous dedication to the Board, I am nominating Jon as Village Trustee. Several citizens have voiced their support for Jon and I also appreciate the Village Board's consideration, commitment and support for Jon as Trustee.
