RE: **Zoning Ordinance Amendment – Park Setbacks**

BACKGROUND

The Village has started planning efforts for the proposed community park in the future Westlawn phases as well as the 0.8-acre pocket park in the NW corner of Westlawn 4th Addition. Park designers have identified the zoning ordinance's setback requirements as a problematic issue related to locating amenities in the pocket park.

OVERVIEW

Playground equipment and similar amenities are considered an 'active outdoor public recreation' land use. Per 325-49(C)(a)(2), "all structures and active recreational areas shall be located a minimum of 50 feet from any residentially zoned property."

This setback works in a typical park but becomes problematic when equipping a pocket park which could be as small as a typical 80' wide residential lot. Such parks are a more recent trend and were likely not a consideration when the setback language was initially drafted.

STAFF RECOMMENDATION

Staff recommends the attached ordinance be **APPROVED**.
