   Matt Dunning- 303 Forreston Dr was present to express his concerns and dissatisfaction with TDS in the neighborhood he lives in. There was no notification of the work, the work was not completed to satisfaction, they left the front yard a mess and the box is located in the front while all other utilities are located in the back yard.
   Scott Jonovic- 315 Forreston Dr was present to express his concerns with TDS and the location of the utility, it looks horrible and can this issue be fixed.
   Jim Nelson- 233 Forreston Dr was present to express his concerns with TDS and the easements and why this is not located in the backyard.
   Larry Gundlach- 111 Arbury Ct was present to express his concerns with TDS work. Will the site be cleaned up and put back to same or better than it was before? He would like sod to be put in to replace the grass that has been destroyed. This work should have been done in the spring not winter.
   Michelle Benedict-108 Arbury Ct was present to express her concerns with TDS. She has the same concerns, no notification, muddy mess in front yard and the boxes need to be put in the backyard.
   Jeff Hanson- 104 Arbury Ct was present to express his concerns with TDS and a handout was provided. There is no developer agreement with TDS. He is asking that the Village Board direct JJ Larson to contact TDS and direct them to remove the pedestals out of his lawn.
   Suzanne Warborg- 229 Forreston Dr was present to express her concerns with TDS. There was no notification, the lack of clean up and would like options for the homeowner. I called and was told that it was probably TDS, but did not get any real answer, so how do we prepare moving forward and do we have options?

6. Unfinished Business
   a. Discuss and consider board direction for staff and committees/commissions for future action, regarding Shady Grove.
      Robert Procter was present to get direction from the Village Board to move the Shady Grove subdivision along. At the neighborhood meeting it was discussed to have Buss Rd as the through road and not Fundamental Way and they will redraw to swing as far away from the trees as possible. The park issue is still the issue that we need direction to proceed with the next steps. Henrich indicated that the parks committee has already addressed this and has decided so this should not be an issue in his opinion. Elmore indicated that he would like to get input
from Allen and Williams, as they had voted no and what it would take for them to vote yes. Allen indicated that he feels the woods should be preserved and made into a park. Ratcliff does not agree with the woods being parkland. The Village already has a park that is wooded, and it takes at least $2,000 to maintain and having a closed off park does not benefit the village residents. Robert Procter would like to bring a concept drawing for the rezone for approval that would have conditions for the preliminary and final plat approvals. Ratcliff questioned that Williams approved the plan at Public Works and Properties committee but did not at Village Board, what changed this decision? Williams indicated that he was concerned with the Comprehensive Plan and roads that can handle traffic and duplexes that are not owner occupied on the gateway to Cottage Grove. Henrich indicated that he is fine with the park as is, the 18-inch trees and make sure the intersection is safe with Buss Road going through. Robert Procter indicated that this would be single-family homes and the larger pieces would be brought back when they have a user for a specific project.

b. Discuss and consider rescheduling joint board meeting.
Henrich indicated that the dates could be February 25th or March 5th for the joint board meeting. Motion by Henrich to set the joint board meeting on February 25, 2019 at 6:30 p.m. at Village Hall, seconded by Williams. Motion carried with a voice vote of 6-0-1 with Lennberg abstaining.

7. New Business
a. Discuss and consider direction to staff regarding Ruedebusch contract expiring April 30, 2019.
Attorney Boushea explained the history of Commerce Park and the current contract with Ruedebush. Williams asked if the board would like to put out an RFP for the services? Elmore indicated that he is happy with the service we have received. Allen indicated that we should sent out an RFP, so we have comparable to make an informed decision. Ratcliff does not see a benefit at this time for an RFP. Lennberg indicated that they have done a great job and we are coming to the finish line, so they should have the opportunity to finish. Motion by Elmore to renew the contract for two years, seconded by Lennberg. Motion carried with a voice vote of 5-2-0 with Allen and Williams voting no.
