Village of Cottage Grove
DRAFT Minutes Ad-Hoc Sustainability Committee
Tuesday, January 11, 2022

1. **Call to Order** Hess called the meeting to order at 6:01 pm. This was a Zoom meeting.
2. **Quorum:** It was determined that there was a quorum and that agenda was properly posted. Committee members present were Nicholas Hess, Catie Malcheski, John Williams (joined at 6:02) and Heidi Murphy. Ryan Minor was absent and excused. Staff present was Deputy Administrator, JJ Larson and Village Engineer, Josh Straka.
3. **Public Appearances:** public's opportunity to speak about any subject that is not a specific agenda item. No members of the public were in attendance.
4. **Discuss and consider the minutes from December 14th, 2021.**
Motion to approve minutes as presented by Hess, second by Malcheski. **Motion** carried with a voice vote 3-0-0.
5. **Complete Streets Presentation**
Josh Straka, Village Engineer at Strand Associates, presented on Complete Streets and Green Streets infrastructure. Straka explained that Complete Streets are designed with all users in mind (all ages, abilities, modes of transportation) to move safely and comfortably on their routes. Green Streets are designed to reduce peak flows of water, reduce urban heat, improve water quality, and beautify the area. Straka covered various strategies that are used to accommodate bicyclists, pedestrians, ADA accessibility, and overall transit network planning. Hess, Larson, and Straka discussed the various projects currently planned or underway in the Village that are working toward Complete Streets (Clark & Grove, Main St Bike Path extension, W Oak Street). Straka continued the presentation on the Green Streets portion which includes options such as bump out basins, permeable pavers, street basins/planters, depressed terraces, and terrace rain gardens. Malcheski discussed the rain garden installations planned for this year and a potential for an incentive pool in future years to reduce barriers for residents to install their own. Murphy asked how we can implement some of these strategies in new development. Straka discussed incorporating a goal, such as 10% goal, for green street infrastructure in new development and also consider recycling requirements for materials on public works projects in bid packages.
6. **Clean Wisconsin Solar Promo & Survey of Village Residents**
Malcheski discussed the filming for the solar promo by Clean Wisconsin coming up on Friday, January 14th, 2021. Williams recommended that we also highlight the Village commitment to installing solar at MSB this summer in the video.
7. **Office of Energy Innovation Grant RFP Review**
It is recommended that the Committee prepares plans early in the process for the 2023 grant application period.
8. **Future Agenda Items**

Solar installation on MSB RFP process, new ways to conduct outreach for the multiple solar coop resources in the region, current and planned bicycle route map, rain garden planning, rain barrel and compost bin sale update, Earth Day event, revisit planning to meet the 2030 sustainability goals resolution.

9. **Adjournment**

Motion to adjourn at 7:09 by Hess, seconded by Williams. **Motion** carried with a voice vote 4-0-0.
