GLACIAL DRUMLIN PATH/CLARK STREET – MSA has bid the Glacial Drumlin and grant funded portion of the project and it has been awarded. Anticipated to begin construction following Firemen's Festival. A public information meeting will be held on June 10th.

Clark and Grove Streets are looking to be a 2022 project. The design is being finalized currently however with the negotiations that are still to be completed it is looking less likely that construction in 2021 will be completed.

WESTLAWN FIFTH ADDITION PHASE 2 – Utilities have been installed and tested for Phase 2. Roadwork is progressing within Phase 2.

ATWELL SUITES HOTEL CTH TT – Utilities have been installed and tested along the proposed entrance drive from CTH TT.

COTTAGE GROVE COMMONS PHASE 2 – Site utility work is complete and the binder pavement has been complete for the development.

QUARRY RIDGE ESTATES PHASE B – Utility work is ongoing currently.

WATER PRESSURE DISCUSSIONS – MSA has had conversations with JJ Larson in regards to areas that are requesting the high pressure water and how these changes can be completed with the existing system.

DEVELOPMENT REVIEWS – MSA is reviewing developments looking to continue. MSA is reviewing the plans of the Continental Development which includes public water and sanitary sewer. Other developments within the Commerce Park are planned to connect to existing utilities.

Village of Cottage Grove

Department of Public Works Director's Monthly Report to the Utility Commission June 9, 2021

Well 2 maintenance

- Plan to update the specs and get bidding documents prepared to pull, inspect and maintain Well #2 later this summer.
- Can be very flexible with timing, only limits are during flushing in spring & fall.

AMI cost reporting

- Submitted final costs to the PSC docket.
- Heard back in late April that final cost report was accepted, and this PSC docket can be considered officially closed.

Potential modification of pressure zones

- Began looking closely at what would be required to shift the high-pressure zone one block further south in Westlawn.
- Also, more recently, there have been inquiries about modifying the zone limits to stretch further south into more of the Commerce Park lots.
- Given that the Well 4 upgrade, Gaston Rd. distribution main, and PRV on Damascus are all part of a DNR permitted project; any modifications will require some level of DNR approval.

Facility Study underway

- Architects from FGM have been meeting with staff and collecting information and assessments of our existing operations at Village Hall, the Municipal Services Building and how we utilize the old Public Works Shop.
- Their work will account for planned growth in the community and as well as Village staff and provide a recommendation for future facility needs.
