Application for Zero Lot Line

For properties located at;

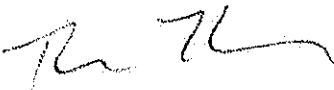

509 & 511 Progress Dr.
513 & 515 Progress Dr.
517 & 519 Progress Dr.
512 & 523 Progress Dr. (all located in Cottage Grove, 53527)

To whom it may concern.

We inspected the property to confirm that each address above is served with its own separate water main, with their own curb stop, and water meter.

However, each property is only served with (1) sewer main, there is not a separate sanitary lateral for each side of the building.

Let me know if you need anything else.
