

VILLAGE TRUSTEE MEMO

| | |
|-------------------|---|
| MEMO DATE: | January 26, 2021 |
| TO: | Village Board |
| FROM: | Melissa Ratcliff, Chair of Joint Fire Committee |
| RE: | Purchase of new fire engine |

OVERVIEW

On January 25, 2021, the Joint Fire Committee unanimously approved the purchase of a Pierce Enforcer Pumper Tanker from Reliant totaling \$694,934.00. This vehicle will replace Engine 3 which is almost 30 years old, has needed costly repairs and is not very reliable. This price is only good through January 31, 2021. After January 31, 2021, the vehicle's price increases by 3%, approximately \$20,000. Reliant has agreed to build it with delivery and payment after March 15, 2022. This price does not include additional features that the fire department finds useful in fighting fires which the Chief indicated would be approximately \$10,000 and would be discussed at Joint Fire Committee meetings later in the year.

TRUSTEE OR COMMITTEE RECOMMENDATION

Approve the proposal by Reliant for the Pierce Enforcer Pumper Tanker from Reliant totaling \$694,934.00.
