MEMO DATE: March 11, 2021

TO: Village Board

FROM: Ad Hoc Sustainability Committee

RE: Solar for Good Grant Application

The Ad Hoc Sustainability Committee has been investigating and discussing installation of solar panels on the Municipal Services Building for a number of months. The Committee recommends that the Village add the installation of a solar panel system on the Municipal Services Building in the preliminary 2022 budget.

- The Ad Hoc Sustainability Committee is recommending that the Village Board add a solar panel system at the Municipal Services Building at 210 Progress Drive to the 2022 preliminary budget.
 - o The Committee would like to pursue grant opportunities to offset the costs of the installation.
 - o RENEW Wisconsin has a Solar for Good grant program that provides funding for solar installations for nonprofits (municipalities are considered nonprofits for this program).
 - o The Spring 2021 grant application cycle for Solar for Good will open on April 1st and applications are due on May 1st.
 - o The Committee would like to prepare the grant application for the Solar for Good program.

The Ad Hoc Sustainability Committee recommended preparing a Solar for Good grant application with a vote of 5-0-0.
