RE:	Resolution 2021-02-Proposed by the League of Wisconsin Municipalities

OVERVIEW/BACKGROUND-The following information was shared to us from the League as background information for the resolution.

Municipalities in Wisconsin are funded primarily in two ways; property taxes, and shared revenues from the State. The demands on municipalities, whether it be from the common council/citizenry, unfunded mandates from the state, and inflation on the costs to buy products and materials for our services, have not gone down, in fact, they've increased.

This is simple supply and demand. The demand on municipalities has gone up, and the supply (the funding) has gone down.
