

# VILLAGE TRUSTEE MEMO

<b>MEMO DATE:</b>	July 2, 2021
<b>TO:</b>	Village Board
<b>FROM:</b>	Melissa Ratcliff
<b>RE:</b>	Joint Fire Committee recommendation regarding repair of Ladder 1

## OVERVIEW

Ladder 1's hydraulic hoses were failing which could cause a safety issue if they failed while people were up in the bucket while the ladder is raised. The ladder is not safe to use until this is repaired. All the hydraulic hoses needed to be replaced as they were not certain where the leak is. Two estimates were obtained by Chief Archibald. Fire Service, Inc. could complete the repairs by July 2, 2021, for \$7,492.67 and Rennert's could complete the repairs by end of July for \$5,615.41.

## COMMITTEE RECOMMENDATION

The Joint Fire Committee met on June 28, 2021, and approved 6-0-0 for the Fire Service, Inc., repair totaling \$7,492.67 to be completed by July 2, 2021.

Recommend the Village Board approve the village's portion of the repair of Ladder 1 by Fire Service, Inc.
